# The Woodlands Online Safety Policy

## 1. Policy Aims

- This online safety policy has been written by The Woodlands, involving staff, learners and parents/carers, building on the Kent County Council/The Education People/Durham County Council online safety policy template, with specialist advice and input as required.
- It takes into account the DfE statutory guidance '[Keeping Children Safe in Education](#)' 2023, '[Early Years and Foundation Stage 2021](#)', '[Working Together to Safeguard Children](#)' 2018 and the '[Durham Safeguarding Children's Partnership](#)' procedures.
- The purpose of The Woodlands online safety policy is to:
  - Safeguard and protect all members of The Woodlands community online
  - Identify approaches to educate and raise awareness of online safety throughout the community
  - Enable all staff to work safely and responsibly, to role model positive behaviour online and to manage professional standards and practice when using technology
  - Identify clear procedures to use when responding to online safety concerns.
- The Woodlands identifies that the issues classified within online safety are considerable, but can be broadly categorised into four areas of risk:
  - **Content:** being exposed to illegal, inappropriate or harmful material
  - **Contact:** being subjected to harmful online interaction with other users
  - **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm
  - **Commerce:** risks such as online gambling, inappropriate advertising, phishing and or financial scams. We will report any concerns to the [Anti-Phishing Working Group](#)

## 2. Policy Scope

- The Woodlands believes that online safety is an essential part of safeguarding and acknowledges its duty to ensure that all learners and staff are protected from potential harm online.
- The Woodlands identifies that the internet and associated devices, such as computers, tablets, mobile phones and games consoles, are an important part of everyday life.

- The setting will support learners to read and understand the acceptable use policies in a way which suits their age and ability by:
  - Informing learners that network and internet use will be monitored for safety and security purposes and in accordance with legislation.
  - Rewarding positive use of technology
  - Implementing appropriate peer education approaches.
  - Providing online safety education and training as part of the transition programme across the key stages and when moving between establishments.

- We will:
  - Regularly review the methods used to identify, assess and minimise online risks.
  - Examine emerging technologies for educational benefit and undertake appropriate risk assessments before use in the setting is permitted.
  - Ensure that appropriate filtering and monitoring is in place and take all reasonable precautions to ensure that users can only access appropriate material.
  - Due to the global and connected nature of the internet, it is not possible to guarantee that unsuitable material cannot be accessed via our computers or devices.
- All members of the community are made aware of our expectations regarding safe and appropriate behaviour online and the importance of not posting any content, comments, images or videos which could cause harm, distress or offence to members of the community. This is clearly outlined in our acceptable use policies and highlighted through a variety of education and training approaches.

## 7. Safer Use of Technology

- The Woodlands uses a wide range of technology. This includes access to:
  - Computers, laptops and other digital devices
  - Internet which may include search engines and educational websites
  - Learning platform/intranet
  - Email

- Members of staff will always evaluate websites, tools and apps fully before use in the classroom or recommending for use at home.
- The setting will use age appropriate search tools following an informed risk assessment, to identify which tool best suits the needs of our community.
  - The Smoothwall filtering system used in most Durham schools ensures that when using Google it is automatically set to safe search. This reduces but does not eliminate the risk of links to inappropriate content.
- We will ensure that the use of internet-derived materials, by staff and learners, complies with copyright law and acknowledge the source of information.
- Supervision of learners will be appropriate to their age and ability.

## b. Managing Internet Access

All staff will read and confirm the acceptable use policy before being given access to our computer system, IT resources or internet.

## c. Filtering and Monitoring

**Note: A guide for education settings about establishing 'appropriate levels' of filtering and monitoring can be found at: <https://www.saferinternet.org.uk/advice-centre/teachers-and-school-staff/appropriate-filtering-and-monitoring>**

### i Decision Making

- The Woodlands management committee and leaders have ensured that our setting has age and ability appropriate filtering and monitoring in place, to limit learners' exposure to online risks
- The members and leaders are aware of the need to prevent "over blocking", as that may unreasonably restrict what can be taught, with regards to online activities and safeguarding.

- Our decision regarding filtering and monitoring has been informed by a risk assessment, considering our specific needs and circumstances.
- Changes to the filtering and monitoring approach will be risk assessed by staff with educational and technical experience and, where appropriate, with consent from the leadership team; all changes to the filtering policy are logged and recorded.
- The leadership team will ensure that regular checks are made to ensure that the filtering and monitoring methods are effective and appropriate.
- All members of staff are aware that they cannot rely on filtering and monitoring alone to safeguard learners; effective classroom management and regular education about safe and responsible use is essential.

## ii Filtering

- Education broadband connectivity is provided through **Durham County Council**
- We use **Smoothwall** which blocks sites which can be categorised as: pornography, racial hatred, extremism, gaming and sites of an illegal nature. Schools should also be aware of the filtering detecting other safeguarding issues, such as self-harm, serious violent crime or issues with county lines grooming.
- The filtering system blocks all sites on the [Internet Watch Foundation](#) (IWF) list.
- All school devices should be connected to a filtered feed. If a school device needs access to additional content, for instance to manage official social media, the filter settings for that device or user should be modified to allow access to that content.
- We work with **ICTSS** to ensure that our filtering policy is continually reviewed.
- If learners discover unsuitable sites, they will be required to:
  - Insert details of the procedure here e.g. turn off monitor/screen and report the concern immediate to a member of staff.
  - The member of staff will report the concern (including the URL of the site if possible) to the DSL (or deputy) and/or technical staff.
  - The breach will be recorded and escalated as appropriate.
  - Parents/carers will be informed of filtering breaches involving their child.
- Any material believed to be illegal will be reported immediately to the appropriate agencies, such as the UK Safer Internet Centre, Durham Police or CEOP.

## iii Monitoring

- We will appropriately monitor internet use on all setting owned or provided internet enabled devices. This is achieved by:
  - *physical monitoring (supervision), monitoring internet and web access (reviewing log file information and pro-active technology monitoring services). See below*
  - *Smoothwall provides reports about usage that could potentially indicate an issue which requires further investigation. Alerting e-mails are sent to the DSL and Head teacher who then take appropriate action.*
- If a concern is identified via monitoring approaches we will:

- *Discuss the concern with the member of staff or pupil involved*
- *Contact home*
- *Contact police if appropriate*
- All users will be informed that use of our systems can be monitored and that all monitoring will be in line with data protection, human rights and privacy legislation.

The offence will be committed whether or not the child communicates with the adult. This is the offence of sexual communication with a child under section 67 of the Serious Crime Act 2015
